PVT. LTD.

VASUDHAIVA KUTUMBKAM

CORE PURPOSE

To **SHAPE** the **FUTURE** of the society
by **DISCOVERING** new technologies
and **SHARE** our **RESOURCES** with the
world.

CORE VALUES

- Constantly **LEARN** and seek **IMPROVEMENT**
- Exceed Expectation
- Grab **OPPORTUNITIES**; Focus on **SOLUTION**
- Have a Friendly, Positive **ATTITUDE**
- Think and create **WIN WIN** situation

OUR PHILOSOPHY

Grinij Haria
CMD

We believe, Vasudhaiva Kutumbakam is a philosophy that inculcates an understanding that the whole world is one family. It is a social philosophy emanating from a spiritual understanding that the whole of humanity is made of one life energy.

Considering that, Impetus Prolific Pvt Ltd., personifies our unique culture, behavior and attitudes that defines core purpose, values & vision as a diverse yet cohesive group.

Our Various Divisions

We thrive Impetus family..

Our love & trust for each other is the glue that holds relationship together. We give more attention to relationship by better communication where all family members feel heard & respected. By organizing various family meet, we develop skills in individual and this is how we grow our family to align with core purpose and values.

IMPEL MOTORS & GEARBOX

Murtaza Pisavadi
V. P. Impel Motors

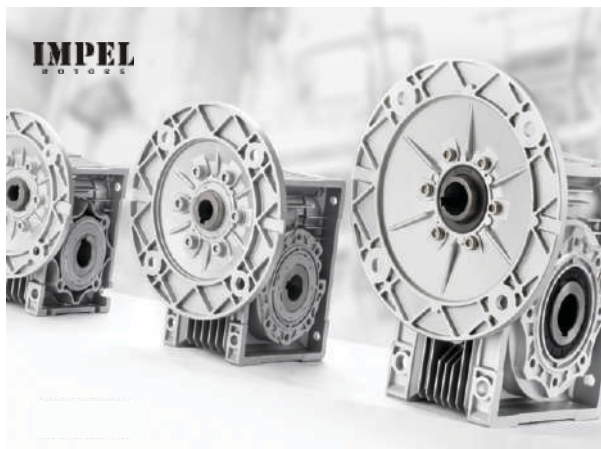

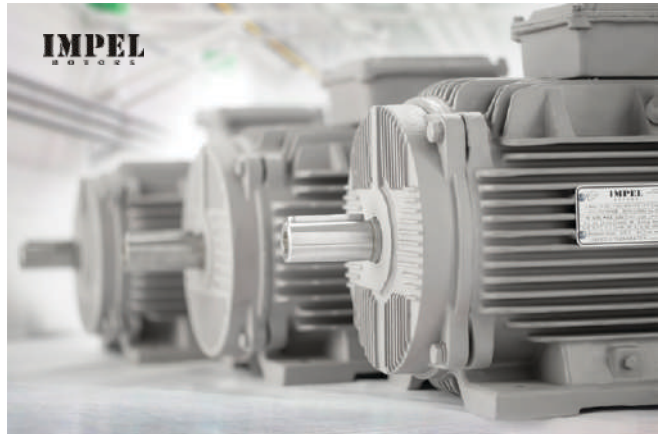

Having mastered the art of providing quality product, Impetus Prolific Pvt Ltd., proudly manufactures TEFC energy efficient IE2 & IE3 class induction motors from 0.5hp to 50hp and gearboxes designed to meet diverse needs of future industry under brand “IMPEL”

The gearbox is a mechanical method of transferring energy from one device to another and is used to increase torque while reducing speed.

Through our constant focus on production of energy efficient products, we can conserve the energy and save this for next generation.

IMPEL INTRALOGISTICS

Ajay Bhagthaliya
V. P. Impel Intralogistic

Customised conveying systems for internal material flow with a diversified product range of conveying system solutions in modular designs, IMPEL - INTRALOGISTIC reconciles the wide-ranging transport requirements within companies with high levels of efficiency and cost effectiveness. The range of services encompasses a broad product portfolio of carton, katta, pallet, small parts, and tray conveying systems. Transporting sorting, feeding in and rejecting storing, stowing away the diversity of the Intralogistics tasks is matched by the range of components and solutions with our various conveying range ready for any application.

SMART FACTORY

Smart manufacturing and the smart factory is a broad category of manufacturing with the goal of optimizing the manufacturing process. Smart manufacturing is the process that employs computer controls, modeling, big data and other automation to improve manufacturing efficiencies.

Smart manufacturing aims to take advantage of advanced information and manufacturing technologies to enable flexibility in physical processes to address a dynamic and global market.

Smart manufacturing is being predicted as the next industrial revolution or Industry 4.0. and, as with many other advances through recent years, it all has to do with technology connectivity and the advances in the contextualisation of data.

IMPEL EXPORTS

Azhar Mandhara
V. P. Impel Exports

We export engineering products under one roof and offer a one stop solution to worldwide clients. We deal in wide range of quality products, which helps us to cater the best service to the ever-growing needs of our client. Our excellent service created an image as the leading Exporter from India; serving Paper Industry, Oil & Gas Industry, Stone Quarries, Plastic Industry, Steel Industry and General Industrial Supplies.

We have an accomplished team of specialists with a marvelous amount of expertise in "Product Sourcing" and they are eager to offer their skillful services for our clients. We take pride in our client's satisfaction on every step from the contact point to post deal.

IMPEL TURNKEY PROJECT SOLUTIONS - We are engaged in supply of complete manufacturing Project on turnkey basis through roadmap of E-Engineering, P-Procurement, C-Construction (EPC). Our Range of products and services includes process technology, automation as well as production of the plant, project management and commissioning all from a single source.

IMPEL MACHINE CENTER

Shabbir Pisavadi

V. P. Impel Machine Center

With an experience of more than three decades in the world of machine tools, today Impel Machine Center is having nationwide dealer network as well as large industrial client network. We mainly deal in workshop machineries, Sheet Metal Machines, Wood Working Machines, Automobile & Garage Machines, Plastic & Printing Machines, Welding Machines, Power tools as well as Special purpose machines.

At Impel Machine Center we are committed towards the quality assurance, after sale services & the satisfaction of the customers.

IMPEL EDUCATION

Chirag Bhanvadia
V. P. Impel Education

We at Impel Education, offer advanced CAD/CAM training, on high end software like Unigraphics, NX, Solid edge and Power mill. Apart from that we provide trainings on highly technical subjects like tool designing which covers Plastic Mould Design, Forging Die Design, Pattern Design, Jigs and Fixture Design.

With the industrial experer from more than a decade, we provide training and implementation support for world's best practices like "5s", "Lean Manufacturing", "Kaizen", & "Over all equipment efficiency".

IMPEL MACHINING SOLUTION

Rajesh Sanghani

V. P. Impel Machining Solution

At Impel Machining Solution division, by facilitating numerous machining and in-house die cutting projects, we enjoy freedom and flexibility in the projects we work on. With CNC/VMC/HMC machines, Manual Machines, Die Cutting Capabilities, and Secondary Equipment, our team can easily make outsourcing the comfortable choice for you.

We engineer design, manufacture & deliver accurate precise & qualitative product. Impel Machining Solution is convergence of these advantages :

Quality as a Passion, Dedicated, Young & Talented Team; Reach Technological Experience.

We expanded our footprints in various industrial sectors like Automobiles, Steel Industry, Textile Industry, Pharmaceuticals, Food processing Industry, Fire Safety Equipment, Plastic Industry, etc.
